

Save time, money and resources.

Find yourself lacking the resources and time to properly manage your campaigns? Looking for new channels and help with consolidating billing? Looking for media planning, site placement and an email implementation campaign?

“Introducing the eBridge Full Service Media Program”

© **A Collaborative Approach**

We use proven methods to increase ROI through leveraging our experience gained from our client base. We help streamline campaigns and consolidate sales contacts. Making eBridge a part of your team frees up your time and leaves you knowing your campaigns are being properly managed.

At eBridge, we use a collaborative approach to understand and determine your marketing objectives. We take the time to learn your business needs and objectives in order to work with you in a productive manner leading to successful outcomes. Once we know more about your business, your marketing budget and your previous successes and/or challenges, we then offer suggestions on what we feel would be relevant to generate a return on your investment.

When you work with eBridge we ensure targeted campaigns and the necessary and regular communication needed to work together successfully. We have rapid response times and outstanding customer service and industry knowledge. We pride ourselves on our intimate knowledge of each customer's situation and our attention to detail.

© **We do the grunt work so you don't have to!**

Bringing eBridge on as part of your team saves you time and money. We do the legwork so you don't have to. This means you spend your time where it counts most – growing your business!

© About eBridge

eBridge Marketing Solutions is a marketing agency that has specialized in the development and administration of cost effective Internet marketing campaigns for the past 7 years.

eBridge offers a wide variety of services, including advertising, consulting and strategic planning, search engine optimization, pay-per-click search marketing management, website design, e-commerce development, business brokering, article and press release writing and advertising campaign management. eBridge has serviced many industries from enterprise software to Webmaster applications to manufactured products to custom prescribed vitamins to back yard cedar garden sheds – eBridge has done it all!
