

# From being D-Listed to moving to Page 4 within 10 days!!!

**Not on page 1, why not? Should you be looking at increasing your web traffic and placement?**

These are questions you should be asking yourself every day. If you are not top of the list how are potential clients going to find you? How are you going to convert that visit to a sale, thus leading to a higher return?

Lack of knowledge in this area can directly affect your bottom line resulting in wasted dollars. In today's competitive market no one can afford to leave this to chance.

With proper cultivation of your website, ads and even press releases, you entice the search engines (such as Google and Yahoo) to increase the number of visitors to your site. A greater number of visitors mean a greater potential for sales. However, many companies are short on resources and don't have the time to dedicate towards researching keywords, tracking conversions and making the constant adjustments necessary to maintaining top search engine positioning for organic results.

Learn the mysterious world of search engine optimization from eBridge Marketing Solutions or leave the job to us. eBridge is known for providing outstanding customer service, industry knowledge and rapid response times. Our intimate knowledge of each customer's situation and our

attention to detail ensures top results for our clients. Through our popular Search Engine Optimization we offer the following additional valuable services to our clients:

#### Link Recommendations

We research effective links for a keyword campaign and negotiate as well as consult on best pricing with sources.

#### Consultation

At eBridge we will evaluate your website design and work on your landing page optimization. We can also provide per link deal evaluations.

#### Training

eBridge's skilled employees will help train you and your staff in concepts, tools, theory and overall strategy. We can also show you how to buy links effectively as well as to perform link analysis. eBridge will help with internal (onsite) and external (offsite) site strategies.

The benefit to working with eBridge is that we have extensive industry experience and service delivery. Another perk - we are there for you when a larger firm may not be able to service your call or concern. We offer more flexibility than a 9 - 5pm day and our campaign managers deal with fewer campaigns to make sure we are able to properly serve our customers.
