

eBridge to be one of the contributing sponsors of HostingCon 2007

Vancouver, BC – July 17th 2007 - eBridge Marketing Solutions, a leading provider of internet marketing solutions for both web advertisers and publishers, is a proud sponsor of HostingCon 2007 at Historic Navy Pier in Chicago, Illinois. HostingCon, taking place July 23-25, 2007.

eBridge Marketing Solutions has been a proud supporter of the hosting industry for over 6 years. By investing in signage throughout the show, eBridge will be one of the contributing sponsors at HostingCon 2007. At the show, eBridge will also be promoting their Web 2.0 marketing services, including Search Engine Optimization (SEO) analysis, implementation and copy writing. Interested attendees are encouraged to visit www.ebridgemarketingsolutions.com and learn how eBridge can effectively and efficiently service a complex and growing hosting company.

"Sponsoring HostingCon 2007 not only enables us to promote our marketing solutions but it gives us a rare opportunity to address the entire hosting services industry," says Hartland Ross, President of eBridge. "Hostingcon is an important show for anyone in the industry. The conference does a great job at putting together relevant information, seminars and showcasing top vendors as well attracting the whose who of the industry. I highly recommend anyone who is serious about taking their business to the next level to attend the 3 day event" adds Hartland.

Joining Hartland will be Frank Siano - Frank has been part of the eBridge team since 2005 and heads their search marketing and strategy client programs. "I am personally looking forward to meeting new people and reconnecting with current clients as well as members of the hosting community" says Frank Siano, Search Marketing Strategist.

In addition, eBridge Marketing Solutions will be promoting their partnership opportunities for hosting companies. These partnership programs are designed to enable companies to diversify their portfolio of services to offer marketing solutions to their client base leveraging either the eBridge brand through its referral program or its expertise through the private labeled arrangement.
