

# Offer more value to your customers. Increase your bottom-line.

In today's business world, the more services and value you can offer to your customers, the better for your bottom line and customer retention. However, implementing and managing additional services involves time and resources that many businesses simply can't take on. Get around this hurdle with the eBridge Partner Program.

## A win-win scenario

The eBridge Partner Program allows your business to offer its customers complete marketing services, without having to assume responsibility for the staffing, management and implementation of offering these services yourself.

### Partner Program Benefits:

- Earn a 15% commission on all new referrals and open up a new revenue stream for your business.
- By leveraging eBridge's existing resources and marketing systems, you can offer your customers top-notch service and cost-effective solutions, with minimal legwork on your end.
- No need to take on the financial burden and risk of expanding your in-house offerings. With eBridge, value-added marketing services are at the ready for your customers.
- Enjoy the flexibility of the eBridge Program. Choose the full service option with eBridge handling all communications for the project. Or opt for the White Label Marketing Program, to handle all the front-end duties yourself, with eBridge working behind the scenes.

### Some of the services you can offer your clients with eBridge:

- A review and assessment of the effectiveness of the client's current marketing program.
- Identification and documentation of current strengths and weaknesses.
- A proposal with solutions to the identified weak spots.
- The development of an approach and action plan for the project.

**Offer your customers full-service marketing options. Enjoy the flexibility of an outsourced relationship.**
